

1. Parties to this Agreement

This Memorandum of Understanding ("MOU") is entered into between SSB Foundation NPC, trading as Simunye Satya Bharat Foundation ("SSBF"), Registration No. 2024/542394/08, and the school named below ("the School"), for participation in the Water for Schools project.

Name of School:

School Address:

EMIS / Registration No.:

Point of Contact (Name):

Role (Principal / HOD / SGB):

Contact Number:

Email:

2. Scope of the Water for Schools Project

SSBF will design, fund (in whole or in part) and install a backup water storage and pump system at the School, comprising bulk water storage tanks, a pump, and a pressure controller, engineered to sustain the School's water needs through municipal water supply disruptions.

3. SSBF's Commitments

- Fund and/or coordinate funding for the agreed system, subject to sponsor availability.
- Install a system appropriate to the School's learner and staff numbers.
- Provide basic orientation to the School's nominated point of contact on system use and care.
- Arrange periodic maintenance check-ins as resources allow.

4. The School's Commitments

- Provide reasonable site access for installation, inspection and maintenance of the system.
- Take reasonable care of the installed system and report any faults or damage to SSBF promptly.
- Permit SSBF and its sponsors to install branding / signage in relation to the installed system.
- Nominate and maintain one point of contact for SSBF communications.
- Consider participation in future SSBF pilot projects intended to benefit learners, staff and the wider community (opt-in; participation in any future project remains voluntary and will be confirmed separately).

5. Branding & Publicity

The School agrees that SSBF and its funding sponsors may install signage at the installation site, and may reference the School's participation in the Water for Schools project in SSBF's own marketing, funding proposals, website and social media, unless the School notifies SSBF in writing of any specific restriction.

6. Duration & Termination

This MOU remains in effect for as long as the installed system remains at the School, or until terminated by either party on 30 days' written notice. Termination does not require removal of an already-installed system unless otherwise agreed.

7. General

This MOU reflects a good-faith partnership between SSBF and the School and does not constitute a legally binding contract for services, except in relation to the commitments of care and access described above. This MOU is governed by the laws of the Republic of South Africa. Full Terms of Use apply and are available at simunyesatya.org/terms-of-use.html.

Acknowledgement

The School agrees to on-site SSBF / sponsor branding as described in Section 5.

The School agrees to consider future SSBF pilot projects (participation remains voluntary).
