*Thank you for
your support!*

Thank you for purchasing our product infused with cannabis oil. Our range of products are a high-quality supplement that provides the benefits of cannabis in a convenient and easy-to-use form. Please read this product information leaflet carefully before using the drops, capsules, hair oil or cream - and keep it for future reference.

Ingredients:

Our Cannabis Oil infused with Coconut Oil, available in both drops and capsules, contain a high-quality cannabis extract infused in MCT (coconut oil). The cannabis extract is derived from premium cannabis plants grown using organic farming methods. The MCT oil is a pure, non-GMO coconut oil that is easily absorbed by the body and provides a range of health benefits. Sugar-free. Suitable for Vegans. Manufactured using a sanitation process via UltraViolet light before packaging for your peace-of-mind using high quality hygiene standards.

Warnings:

This product is not intended for use by persons under the age of 18.
Keep out of the reach of children and pets.

Do not exceed the recommended dose. Consult a healthcare professional before using this product if you are pregnant, nursing, or have a medical condition.
This product may cause drowsiness.
Do not drive or operate heavy machinery after using the product.

Other Notes:

Some Benefits - May Relieve the following: Pain; Anxiety and Depression; Acne; May Alleviate Cancer-Related Symptoms; Might Have Neuroprotective Properties; Could Benefit Heart Health.

Not tested or approved by any Medical body. Though CBD is generally well tolerated and considered safe, it may cause adverse reactions in some people. Side effects noted include, but not limited to: Diarrhea; Changes in appetite and weight; Fatigue.

Shelf Life:

It is recommended to use the product within 24 months of manufacturing date, although it can last much longer if stored well.

Social Responsibility:

This product is environmentally friendly. Not tested on any animals. We support the fight against cruelty to animals and the environment. A contribution from each sale goes to a community project, which aims to assist in educational, food distribution and social development projects. We are trying to make SA great again. Your generous support is greatly needed and much appreciated. Thank You!

CANNABIS DROPS

Usage Instructions: Our drops are designed to be taken orally, and can be added to food or drink, or consumed directly under the tongue. Shake the bottle well before use to ensure that the contents are well-mixed. The recommended dose is 1-2 drops per day, although this may be adjusted based on individual needs and preferences/ medical condition, up to 10 drops per day.

Storage Instructions: To ensure the quality and potency of the drops, it is important to store the bottle in a cool, dark place away from direct sunlight. Do not refrigerate the drops, as it will solidify below 25°C and make it difficult to use. If solidification occurs, you may warm the bottle gently allowing it to flow better by placing the bottle half submerged in a cup of warm water.

Product Features: 30ml bottle; Infused in MCT (coconut oil); High-quality cannabis extract; Organic farming methods used; Pure, non-GMO coconut oil; Convenient and easy-to-use liquid form; Ratio: 0.06 ml/10 ml CBD isolate in virgin coconut oil; Sterilized via UV light treatment process.

CANNABIS CAPSULES

Usage Instructions: Our capsules are designed to be taken orally with water. The recommended dose is one capsule per day, although this may be adjusted based on individual needs, preferences and health condition. It is important to take the capsules at the same time each day for best results, preferably at night.

Storage Instructions: To ensure the quality and potency of the capsules, it is important to store the bottle in a cool, dark place away from direct sunlight and heat. The capsules are prone to slow leakage, which is normal - it is therefore advisable to store in a refrigerator. The capsules will melt or dissolve with water or in a high moisture environment, so it's best to keep them dry for long term storage.

Product Features: 30 capsules per bottle; Infused in MCT (coconut oil); High-quality cannabis extract; Organic farming methods used; Pure, non-GMO coconut oil; Convenient and easy to-use capsule form; Ratio: 0.06 ml/10 ml CBD isolate in virgin coconut oil; Sterilized via UV light treatment process.

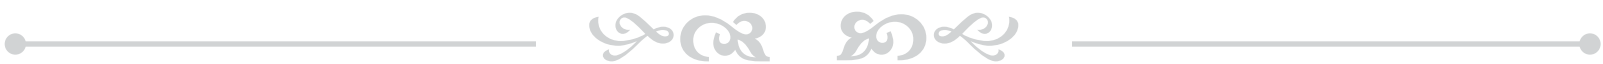

HAIR OIL (COCONUT, ROSEMARY & CANNABIS)

Usage Instructions: Our hair oil is designed to be used as a pre-shampoo treatment. Apply the oil at night, leaving it for an hour to be absorbed by the hair and scalp. Gently massage the oil into the scalp and hair, leaving it overnight for best results. In the morning, wash the hair and scalp thoroughly to remove the oil.

Storage Instructions: To ensure the quality and potency of the hair oil, it is important to store the bottle in a cool, dark place away from direct sunlight. Solidification will occur when stored below 25°C which is normal. Warm the bottle by placing it in a bowl of warm water prior to use to assist in better flow.

Ingredients: Our hair oil is made with a blend of natural ingredients, including Coconut oil: This oil is known for its nourishing and moisturizing properties, and is an excellent natural conditioner for hair. Rosemary: This stimulates hair growth and improves scalp health, and has a pleasant aroma. Cannabis oil: This oil is rich in antioxidants and essential fatty acids, which are known to promote hair growth and improve hair health.

Product Features: Made with natural ingredients. Infused with coconut oil, rosemary oil, and cannabis oil. Convenient and easy-to-use oil form. Designed as a pre-shampoo treatment. Suitable for all hair types. Packaged in 100ml and 500ml bottles. Ratio: 0,15 ml/100 ml CBD isolate in virgin coconut oil.

AQUEOUS CREAM (WITH CANNABIS)

Usage Instructions: Our aqueous cream is designed to be used as a night cream. Apply a small amount of cream to the affected area and gently massage it into your skin. Leave the cream on overnight for best results. This cream can also be used as a moisturizer, particularly for those with dry or sensitive skin.

Storage Instructions: To ensure the quality and potency of the cream, it is important to store the tub in a cool, dark place away from direct sunlight and heat. Keep out of the reach of children and pets.

Ingredients: Aqua, Petrolatum, Cetearyl Alcohol, Mineral Oil (Paraffinum Liquidum), Sodium Laureth Sulphate, Methylparaben, Propylparaben, Phenoxyethanol. CBD Oil. Cannabis Oil is rich in antioxidants and essential fatty acids, which are known to improve skin health and reduce inflammation. Emulsifying wax: This wax helps to bind the oil and water in the cream together, creating a smooth and creamy texture. Glycerin: This ingredient helps to keep the skin hydrated and moisturized.

Product Features: Infused with cannabis oil. Specially formulated for dry and sensitive skin. Provides long-lasting hydration and moisturization. Can be used as a night cream or daily moisturizer. Convenient and easy-to-use cream form. Ratio: 0.3 ml/100 ml CBD isolate in base aqueous cream.
